Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 14 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Becoming drier and brighter through the day. Breezy.

Today:
Early cloud and outbreaks of rain and drizzle will gradually ease to leave a drier and brighter afternoon, with occasional sunny spells, especially to the lee of hills. Breezy and very mild for the time of year. Maximum temperature 10 deg C (50 deg F).

Tonight:
Dry with variable amounts of cloud and clear spells overnight. It will be a cold night, with a touch of grass frost and patchy fog possible in some rural spots. Minimum temperature 3 deg C (37 deg F).

Wednesday:
Early patchy frost and fog gradually clearing to leave a generally fine day, with bright or sunny spells for many. Light winds and feeling mild. Maximum temperature 11 deg C (52 deg F).

Outlook for Thursday to Saturday:
Becoming more settled. However, rather cloudy for many, with some light rain and drizzle, mainly on hills. Some brighter or clearer spells throughout, with overnight patchy frost and fog possible.
